Dear Al:

It was very good to see you last week and have a chance to go over our travel plans. I have spoken to Bud about giving a briefing for General Mundy and we will certainly be prepared to do this within the range of subjects for which this Office is responsible.

In regard to clothing sizes for Wheelon,  and myself, 25X1A
I am enclosing herewith two copies each of these vital statistics for the three of us.

As we get more information on approvals and clearances for visits and on the availability of military aircraft, I will let you know.

Very best regards,

Encl.
